

EX4-XC9D 720P AHD Windshield Camera

Designed for commercial and harsh demanding environments, the EX series cameras are built for Mobile environments that are subject to constant vibration, temperature fluctuation and extreme climate conditions.

EX4-XC9D is designed to be mounted on the windshield of a vehicle to record the interior of the vehicle (driver / passenger) in 720P HD video resolution. Each camera can be easily connected via EX4-CBL patch cable in various length.

Features

- Analog HD (AHD) 720P Video Resolution
- Intelligent Auto Color Temperature and White Balance Adjustment to capture optimal video image quality
- Auto Back Light Compensation adapts to constant light source fluctuations
- Adjustable camera angle for optimal viewing / recording
- Designed specifically for windshield mount Adjustable camera angle
- Built-in Mic for audio recording
- Vandal resistant screws
- IR LED for night vision

Optional Accessories:

- EX4-CBL9
- EX4-CBL15
- EX4-CBL33
- EX4-CBL60

EX4-XC series cameras are compatible with all XDR series DVR

Specifications

Camera (Analog)	CCD	1/ 3" 1.3M Pixel CMOS
	Resolution	720P AHD 1280 x 720
	S/N Ratio	>52dB
Video Output		1VPP 750hm
Connection		4 Pin DIN connection
Illumination	Minimum	0.05 Lux (Color illumination)
Back Light Compensation	Yes	Support
White Balance	Yes	Auto
Auto Gain Control	Yes	Auto
Angle Adjustment		Verticle: 10 degrees down
Electronic Shutter		1/30 – 1/10000 second
Scanning System		Progressive scanning
Lens		2.3mm – 115 viewing angle

Audio	Mic	Yes
Environment	Interior / Exterior	Indoor
Waterproof Level		IP 54
IR LED		N/A
Dimension	(L x W x H)	3.37"Lx 1.57"Wx 2.74"H
Power	Input	12V DC + / - 10%
	Consumption	12V DC 140mA
Temperature	Operating	4F ~ 130F
Humidity	Relative	90%
Warranty		1 Year Warranty
Weight		4.25oz
